REPLACEMENT POLICY

We believe that replacement of an existing insurance or annuity policy must be appropriate for the customer and meet his or her needs or financial objectives. From a customer's perspective, an appropriate replacement is also one that is justified from either an economic or personal standpoint. The provisions, features and benefits of both the current and proposed product should be considered in relation to the client's needs, circumstances and goals. Some examples of the types of provisions that should be considered are: premium rate differences, differences in suicide and incontestability provisions for individual life insurance and pre-existing conditions, waiting periods, elimination periods, and probationary periods for health insurance policies. In addition, factors such as the age and health of the customer must be considered. Distributors are expected to provide all material information that the customer needs in order to ascertain whether replacement of an existing policy or contract is appropriate.

All replacements must be in compliance with applicable regulations and company rules. Many states require accurate written comparisons of existing and proposed contracts to be provided to the customer when proposing a replacement. Distributors are expected to know and comply with these requirements.

AGENT ATTESTATION

Important Product Information for ColonySM Term UL:

Please note Life Quick Request is designed for customers planning on a premium pattern that can guarantee coverage for the same number of years reflected in the product name, e.g., 10 years for ColonySM Term UL 10, 20 years for ColonySM Term UL 20, etc. If your client wants a different coverage period or plans on a different payment pattern, then please submit a GEFA 599 and a projection, that reflects your client's wishes. The final planned premium will be determined when and if a policy is issued. The ColonySM Term UL products do not have level or fixed premiums, and the customer may choose other planned premium patterns that can also provide coverage for the customer's desired number of years.

*All references to guarantees refer to the policy's death-benefit guarantee. Coverage Protection Benefit, which is a conditional guarantee that can keep the policy in force even if the policy value is not sufficient to do so. Certain policy rights, if exercised, can end this guarantee.

For ColonySM Term UL policies, it is possible that the insurance charges for some face amounts near \$200,000, but below it, can be higher than for face amounts near \$200,000, but above it, because of the different risk rates per thousand above and below \$200,000.

Although ColonySM Term UL products do not have level or fixed premiums, the Company will set up planned premiums for any mode – annually, semi-annually, quarterly, or monthly (electronic funds transfer only). Because of the interest components of the policy, it will perform better the earlier your customer pays premiums. For example, if your customer chooses a planned periodic premium to guarantee coverage for a period of time, yearly premium costs will be lower with annual payments at the beginning of the year than with semiannually, quarterly or monthly payments.

Children's Insurance Rider

Provides term life insurance coverage for each dependent child age 15 days – 23 years. Up to \$10,000 coverage may be purchased in \$1,000 increments. Coverage on a dependent child terminates on the earlier of the child's 25th birthday or the policy anniversary nearest the insured's 65th birthday. Please refer to the most current edition of the product's feature guide for additional information and restrictions.

Waiver of Specified Premium Rider:

In the event that the Insured becomes Totally Disabled, as defined in the Rider, the Company will treat the specified premium as being paid at the beginning of each policy month while the Insured remains totally disabled until the Benefit Expiry Date. The treatment of the specified premium as being paid shall begin on the first day of the policy month on or immediately following the date Total Disability begins. In order for the Company to treat the specified premium as being paid, the Total Disability must begin on, or after, the policy anniversary nearest the Insured's 15th birthday and before the policy anniversary nearest the Insured's 60th birthday. If premium in excess of the specified premium is required to keep the policy in effect, this additional premium must be paid, even though the Insured remains totally disabled, in order to avoid termination of coverage. The amount of premium chosen upon purchase of the policy may not be changed later.

The Company limits the amount of the specified premium to the minimum amount of premium that, if paid at the beginning of each policy month, will keep this policy in effect only to the end of the initially guaranteed period. For example, if a ColonySM Term UL 20 policy is chosen and premiums, if paid as planned, would maintain the policy in effect to the end of the 20th policy year, the specified premium is limited to the minimum amount of premium that if paid monthly at the beginning of each policy month would keep the policy in effect for 20 years. If the Insured is totally disabled at the end of the initially guaranteed period, the specified premium being waived will not continue the policy in effect unless more premium is paid.

Important Product Information for ColonySM LifeLong UL:

Please note Life Quick Request is designed for customers planning on a premium pattern that can guarantee coverage for the number of years requested. If your client wants a payment pattern, then please submit a GEFA 599 and a projection, that reflects your client's wishes. The final planned premium will be determined when and if a policy is issued. The ColonySM LifeLong UL products do not have level or fixed premiums, and the customer may choose other planned premium patterns that can also provide coverage for the customer's desired number of years.

*All references to guarantees refer to the policy's death-benefit guarantee – the Coverage Protection Benefit, which is a conditional guarantee that can keep the policy in force even if the policy value is not sufficient to do so. Certain policy rights, if exercised, can end this guarantee.

Although ColonySM LifeLong UL products do not have level or fixed premiums, the Company will set up planned premiums for any mode – annually, semi-annually, quarterly, or monthly (electronic funds transfer only). Because of the interest components of the policy, it will perform better the earlier your customer pays premiums. Children's Insurance Rider

Provides term life insurance coverage for each dependent child age 15 days – 23 years. Up to \$10,000 coverage may be purchased in \$1,000 increments. Coverage on a dependent child terminates on the earlier of the child's 25th birthday or the policy anniversary nearest the insured's 65th birthday. Please refer to the most current edition of the product's feature guide for additional information and restrictions.

Waiver of Specified Premium Rider:

In the event that the Insured becomes Totally Disabled, as defined in the Rider, the Company will treat the specified monthly waiver benefit as being paid at the beginning of each policy month while the Insured remains totally disabled until the Benefit Expiry Date. The treatment of the monthly waiver benefit as being paid shall begin on the first day of the policy month on or immediately following the date Total Disability begins. In order for the Company to treat the monthly waiver benefit as being paid, the Total Disability must begin on, or after, the policy anniversary nearest the Insured's 15th birthday and before the policy anniversary nearest the Insured's 60th birthday. If premium in excess of the monthly waiver benefit is required to keep the policy in effect, this additional premium must be paid, even though the Insured remains totally disabled, in order to avoid termination of coverage. The amount of monthly waiver benefit chosen upon purchase of the policy may not be changed later.

The Company limits the amount of the monthly waiver benefit to the minimum amount of premium that, if paid at the beginning of each policy month, will keep this policy in effect only to the end of the initially guaranteed period. For example, if a ColonySM LifeLong UL policy is chosen and premiums, if paid as planned, would maintain the policy in effect to the end of the 40th policy year, the monthly waiver benefit is limited to the minimum amount of premium that if paid monthly at the beginning of each policy month would keep the policy in effect for 40 years. If the Insured is totally disabled at the end of the initially guaranteed period, the monthly waiver benefit being waived will not continue the policy in effect unless more premium is paid.

AGENT ATTESTATION

I state the following:

- 1. I have explained the insurer's procedures for accepting premium with a life insurance application.
- 2. I have obtained and accurately recorded the answers to the questions on the Temporary Insurance Application and Agreement (TIAA) and this submission form from the Proposed Insured and Proposed Owner, and
- 3. I have explained the terms of the TIAA to the Proposed Owner, including the terms that coverage will not begin if any of the TIAA questions are answered "Yes" or left blank on the date the TIAA is signed by the Proposed Owner and the premium is paid and that if any answers are false, temporary insurance might be denied or declined.
- 4. I have also explained that the Proposed Owner and Proposed Insured must be aware that any changes to the information obtained by me when I asked TIAA questions and this submission form must be provided by the Proposed Owner when completing the TIAA and application because the information provided on the TIAA and application must be accurate and up-to-date at the time the TIAA and application are signed by the Proposed Insured and the Proposed Owner.
